

THE MOST RELIABLE LCL COLLECTION SERVICE TO/FROM USA ON THE MARKET

With the splitting of transport chains between 2021 and 2022, the pressure for speed, reliability and accuracy is rising again. Together with our partner, we can ensure fast and reliable shipments not only for FCL shipments, but also LCL for both exports and imports.

- Fixed departures
- Fast, reliable transport times
- Shipments ship accurately according to confirmed bookings
- Double deck containers (stacking without risk of damage to cargos) Alternative to "economy" air freight with huge savings in shipping costs
- LCL shipments are primarily destined for the most industrialized US states east of the Mississippi River (East Coast, Midwest, Gulf of Mexico region, etc.).
- Very suitable for just-in-time shipments with unloading windows to be observed

Technical parameters
in the
export
direction:

Closing in our warehouse on Wednesday, for urgent shipments Friday, shipping the following Wednesday.

Shipping time from port of shipment to US port 13 days.

Distribution of LCL shipments in the East of Mississippi area 1-3 days after the shipment is cleared at the port
